Experience

SCADpro x Delta Air Lines

Atlanta, GA

UX Designer

Sep 2026 – Nov 2026

- Designing the experience surrounding Delta Air Lines' redesigned uniforms, exploring how packaging, storytelling, physical touchpoints, and a digital app can shape how customers experience the new uniform line.

SCADpro x Georgia International Convention Center (GICC)

College Park, GA

UX Designer

June 2026 – July 2026

- Analyzed visitor navigation and existing wayfinding touchpoints as part of a 5-person wayfinding team, identifying gaps in signage hierarchy, naming conventions, color zones, and placement.
- Extended GICC's existing indoor wayfinding system to the parking areas, creating continuous navigation from arrival to destination across 4 color-coded entrances and zones, supported by a standardized system of 64 confirmation, 3 orientation, 8 decision, and 4 monitoring signs.
- Translated 12 2D signage designs into 3D contextual mockups using AI-assisted visualization tools for a printed project handout and interactive map prototype.

Ziora Copilot

Atlanta, GA (Remote)

UX Design Intern

Jan 2026 – Apr 2026

- Took ownership of UX design for Ziora Copilot, an AI-powered SaaS platform for therapists and patients, collaborating with a 9-person team across UX, engineering, marketing, and mental health research.
- Audited the existing platform and identified opportunities to improve onboarding, information architecture, and progressive disclosure, reducing information overload across therapist and patient experiences.
- Designed and iterated therapist and patient workflows, creating 50+ screens across both experiences.
- Proposed and oversaw the UX testing approach in Mexico, using their findings to inform ongoing testing iterations.

Atlanta Ronald McDonald House Charities

Atlanta, GA

UX Design Lead (Contract)

Jan 2026 – Mar 2026

- Led UX direction within a 19-person multidisciplinary team reimagining a newly built 5-story playscape through creative technology, developing 3 user personas to guide experience decisions.
- Designed an AR app in Figma, translating the team's 4 3D worlds and 6 creatures into an interactive scan-to-explore experience with educational content and playscape-based activities.
- Presented the AR experience across 3 client reviews, incorporating stakeholder feedback and earning support to advance the concept into a second 10-week project phase.

SCADpro x AIG

Atlanta, GA

UX Designer

Sep 2025 – Nov 2025

- Conducted secondary, competitive, and on-site research at AIG's Atlanta Innovation Hub to identify kiosk use cases for employees, prospective clients, and visiting employees from other AIG locations.
- Owned the UX/UI design of the "About AIG" and "Explore ATL" experiences, creating 70+ screens and 50+ components from low-fidelity wireframes to high-fidelity Figma prototypes while refining visual hierarchy and interaction patterns.
- Supported project handoff by preparing documentation, including a user manual and technical guide for integrating the kiosk experience into AIG's existing Appspace platform.

Education

Savannah College of Art and Design (SCAD)

Atlanta, GA

BFA in User Experience (UX) Design, Minor in Film and Television

Sep 2023 – May 2027
